4. If a student is to be dismissed at the end of a marking period due to delinquency, the family will receive a letter from the Principal outlining the delinquency, collection, and communication efforts, and the student's last day (last day of the marking period). **It is the family's responsibility to respond in a timely manner directly to the Principal to prevent dismissal becoming final on the date indicated in the letter.**

The obligation can be paid in full or met through designated fund-raising activities sponsored by the Home and School Association and must be satisfied in full by **June 1, 2023.**
