GENERAL INFORMATION

St. Bridget Catholic Elementary School offers students a faith-based, challenging curriculum designed to promote academic excellence in Pre-Kindergarten, Kindergarten, and Grades 1 through 8 in a safe environment. In addition to a challenging curriculum, we offer many extra-curricular activities. An extended day program is available for families who require before and/or after school care as well as an enrichment-based summer school program and writing program.

HISTORY

In 1994, St. Bridget Church co-pastors Rev. James Gunnoud and Rev. Brian Monnerat planned thoroughly and worked tirelessly with a group of parishioners to establish an elementary school in the same building that once housed a Catholic junior high-school. Saint Bridget School opened on August 30, 1994 as the only parochial school in the town of Cheshire, Connecticut offering programs for pre-kindergarten, full-day kindergarten and first grade. Mrs. Sharon Derr served as principal.

The plan, approved by the Archdiocese of Hartford, provided for the growth of the school by one grade each year until children in pre-kindergarten through grade eight would be served. The school was dedicated to being an educational facility which was and would continue to be Christ-centered and modeled on Christian principles and values functioning with the larger scope of the Saint Bridget Catholic Church community.

All went according to plan and on the opening day of the 1997-1998 school year, the 10 classrooms in the original school wing were full. So on March 3, 1998, Archbishop Daniel Cronin presided at the ground-breaking ceremony for a new 12-classroom wing, which was needed in order to provide for the school's growth through eighth grade. On August 28, 1998, the Certificate of Occupancy was delivered, and the new wing, which houses the primary grade classrooms and computer labs, opened for the new school year. On November 1, 1998, the dedication of the new wing was celebrated by Bishop Christie Macaluso. Before students returned for the 2021-2022 school year, the computer lab was converted into a newly designed Makerspace. During the summer of 2023, a second Pre-K 3 classroom was added. In order to accommodate this addition to the lower wing, the Maker Space was moved near the dining hall.

Full accreditation by the New England Association of Schools and Colleges (NEASC) was awarded to Saint Bridget School in the fall of 1999. The first eighth grade graduation ceremony took place in 2002. After 8 years of service, Mrs. Derr retired and Mrs. Susan Tarrant, a teacher at the school since its opening, became the new principal. Since its opening, the school has flourished and enrollment has grown. In April of 2005, Archbishop Henry Mansell presided at the groundbreaking of Phase I of a three-phase capital improvement plan. Phase I was a 2,200 square foot addition to the library and school office which was completed in the fall of 2005. The second phase of the plan provided many building improvements and repairs, including a new roof for the original wing.

In 2005, Rev. Robert Ricciardi became the new pastor of St. Bridget Church. In 2007, we wished Mrs. Tarrant Godspeed as she began her new ministry and welcomed Mrs. Margaret Whalen, formerly the assistant principal, as the new principal. That same year, a second Pre-K class was offered, due to the increased enrollment in the Early Childhood Program. In the fall of 2008, Phase III of the improvement plan had begun. This part of the plan called for upgrades to the gym including new bleachers, art and music classrooms, a kitchen, a cafeteria/meeting room, and two offices as well as a baseball/softball and soccer field behind the school.

On May 17, 2014 the Rev. Jeffrey V. Romans was appointed as our new pastor by Archbishop Leonard P. Blair, Archbishop of Hartford. Under the leadership of Father Romans, we have seen an increased focus on enrollment and facilities, as

well as an enhancement to our technology infrastructure. Father Romans is committed to ensuring we have the most up-to-date facilities and technology available to assist us in our mission. After Mrs. Margaret Whalen's retirement in June 2014, Mrs. Jennifer Furlong was appointed as Principal of St. Bridget School. In the spring of 2019, Mrs. Catherine Szerszen was appointed to serve as principal, however due to health issues, the St. Bridget School community wished her well with a heavy heart in the fall of 2019. Mrs. Marilu' Rochefort, who served as Assistant Principal, was appointed as interim principal until the spring of 2020. On May 4, 2020, Dr. Nancy Testa began her tenure as principal. OUR PATRON SAINT

St. Bridget of Sweden

Saint Bridget of Sweden was born in 1304. Her father was the governor of Sweden. When she was twelve years old, her mother died and she was raised by an aunt who took care of her until the time of her marriage. She married the Prince of Sweden and they had eight children, one of whom was Saint Catherine of Sweden.

Her husband entered a Cistercian Monastery where he died in 1344. Shortly after his death, Bridget founded a Religious Order of Nuns of the Most Holy Savior, also known as the BRIGITTINES, who devoted their lives to prayer for people to turn away from sin and to live according to the Gospel, and who continue to spread devotion to Mary and to the Passion of Christ.

Saint Bridget was known for her courage to speak out and to stop wrong doings especially among high officials. She died in 1373. Bridget was declared Patron Saint of Sweden and the Church celebrates her feast each year on July 23rd. She is also known as Saint Birgitta.

Failure to do so will result in disciplinary action. The parent/guardian will also be expected to pay the full amount of repairs, labor, or replacement.

Each student will be assigned a locker for the year in grades 4 – 8. The lockers are the property of St. Bridget School. There will not be locks placed on the lockers, and the administration and faculty have the right to inspect lockers at all times. No inappropriate or illicit materials may be kept in lockers. Failure to abide by rules will result in disciplinary action.

LUNCH

Children may bring lunch to school or it may be purchased. Lunchtime behavior is strictly monitored. There is to be no shouting. Each student is to clean up his/her own area and dispose of trash in the appropriate containers. The lunch menu can be accessed through the school website.

RECESS

Grades Pre-K through 8 are given a recess as part of their school day. During this time, students are given the opportunity to play in their designated area and socialize with their friends. All students should be out of the building at this time unless they are being monitored by a teacher or under the care of the school nurse. During recess, students are to behave and be respectful to others. Recess rules are posted in the classrooms. All students should become familiar with the rules for each classroom/grade. Children will have recess in good weather conditions, the criteria is the wind chill must be 25° or above.

LABELS

All uniform clothing and personal items, especially lunch boxes, should be clearly labeled with your child's name. This not only prevents confusion over ownership but also allows lost items to be returned.

BOOKS

All books must be securely covered at all times. Please take care of the books since they are expensive to replace. Students are responsible for lost or damaged books. **Parents will be responsible for replacing books which their child has damaged.** In addition, all students must carry their books to and from school in an appropriate backpack which **MUST FIT IN THEIR LOCKER OR CUBBY.**

SCHOOL SUPPLIES

Students are responsible for their own school supplies. Teachers will provide a list of the supplies students will need for the upcoming school year.

FIELD TRIPS

Field trips are held at various times during the school year. We encourage trips that have a clear educational and/or cultural value. Parents will be notified well in advance and all children are expected to participate. Permission to attend the field trip must be given using the official slip sent home. A simple note will not suffice. Participation in a field trip is a privilege and a student can be denied participation if they fail to meet academic or behavioral requirements. If a child

does not participate in the class field trip, teachers will make arrangements for that student to join another class that day. There are limited numbers of chaperones for each trip and all must be VIRTUS trained. The exact number depends upon the particular venue and the age of the students. This will be determined by the teacher and administration. When more adults volunteer than are needed to chaperone, those selected will be picked by lottery. Parents who have attended one trip will not be eligible for another unless not enough have signed up.

ATHLETICS/EXTRA-CURRICULAR ACTIVITIES

Members of the teams are subject to behavioral and academic standards. These are defined in the Athletic Handbook. Students who represent the school by being on a sports team must remember that membership is a privilege to be earned and not a right to be expected. St. Bridget School offers students the opportunity to try out/participate in the following sports teams: co-ed soccer, junior varsity girls' basketball, varsity girls' basketball, junior varsity boys' basketball, varsity boys' basketball, girls' softball, junior varsity boys' baseball, varsity boys' baseball and cheer. **Athletes who receive a detention will forfeit the next practice or game.**

Extra-curricular activities include, but are not limited to, Student Council, National Junior Honor Society, Chess Club, Robotics Club, Rosary Warriors, and Children's Choir (grades 2-8).

CELL PHONES / ELECTRONICS

Students who need to call home may do so by going to the school office and asking permission to make a call on the office phone. If a student needs a cell phone for extra-curricular activities, they must keep it turned off and in their backpack in their locker during the school day.

Students shall not possess or use remotely-activated devices (e.g.: iPhones, Apple watches, etc. for texting and or communicating) while they are in school. Any remote/cellular phone use, including text/voice messaging, during the school day is prohibited. The use of camera phones to take pictures at any time is prohibited. If a parent needs to contact a student during school time, such communication shall be through the school's office. During normal school hours, all cellular phones/any electronic devices shall be turned off and placed in lockers/cubbies. A child found with a cellular phone/electronic device that is turned on during school hours (e.g.: turned on to communicate in-or-outside of school while school is in session) shall be subject to discipline. Students who do not comply with these policies shall have their phone/electronic device taken away until a parent/guardian comes to the office to retrieve the phone/electronic device. Cell phone usage is permitted only after school dismissal when the student is off school property. Phones may be used (with adult/teacher permission) during AM and PM Extension for students to contact their parent(s) only.

BIRTHDAYS

Students may enjoy a free dress-down day on or close to their birthday. For summer birthdays, designated days will be announced in June. Dress-down must be appropriate to the season and in appearance (e.g.: **No** spaghetti straps, "short" shorts or inappropriate images or sayings on front or backs of shirts). If children's birthdays are celebrated in school, children may bring a nut-free, individually wrapped treat (processed in a nut-free factory) to share with their classmates. All treats coming into the school must have a label of ingredients printed on it. Please be aware that many children have food allergies. A non-food treat such as a pencil or stickers may be a better choice for classes with many allergies.

UNLESS ALL OF ONE GENDER OR THE ENTIRE CLASS IS INVITED, BIRTHDAY PARTY INVITATIONS WILL NOT BE DISTRIBUTED THROUGH THE SCHOOL. PLEASE DO NOT ASK THE TEACHERS TO DO SO OR TO SHARE CLASSROOM PARENTS' EMAILS.

LOST & FOUND

The Lost and Found Bin is located outside the Nurse's Office. Items not claimed within one month will be donated to an appropriate agency.

PHOTOS/PUBLIC RELATIONS

Throughout the year, school programs, achievements and special events are given attention through any number of publications/literature such as the local area newspapers and the school website and Facebook. Information disseminated through this publicity gives us the opportunity to highlight to the school community and the community-at-large the positive attributes a St. Bridget School education can provide for our students. The distribution of these pieces varies according to the type of publication and the target audiences. The literature can be mailed to our current parents, alumni parents and alumni. Information can be seen by the general public on our website or in the local newspapers. If you do not want your child(ren) photographed, please check the appropriate box on the SBS Photo Permission Form. If parents/guardians or visitors are taking pictures of students/classes, they may NOT post them on social media. If you want pictures posted on the St. Bridget School Facebook page, the photo must be forwarded to Mrs. Courtney Hansen at chansen@stbridgetschool.org. We have some students who are on the "No Photo List." The "No Photo Request" forms are legally binding. We appreciate your understanding and cooperation.

BUS TRANSPORTATION

Bus transportation is provided to Cheshire residents (K-8) within the town of Cheshire. The town of Cheshire determines the bus routes and stops for our students. Any questions or clarifications regarding the school bus policy are to be directed to the School office (203.272.5860). If you have any concerns about observed behavior on the bus, please contact the school.

BUS SAFETY AND CONDUCT

Your child(ren)'s safety and that of their fellow passengers is in the hands of the Cheshire Public Schools' bus drivers. Help make their job easier by cooperating 100% with their wishes. They are looking after the best interest of all concerned. Use only the bus and bus stop assigned. Orderly behavior is required at the bus stop. No child is allowed to ride another bus unless a written note is signed by a parent and is presented to the School Office. The note will be signed by the principal and copied for the office and bus driver. In the event that there is no space on the bus for an extra rider, the parents will be notified.

Review the following bus rules with your child:

- Board the bus in single file;
- Students will sit from youngest to oldest from the front to the rear of the bus;
- Remain seated, facing front, when bus is in motion;
- Take seat promptly and REMAIN seated;
- Talk quietly and make no unnecessary noise;
- Do not talk to the bus driver unless it is necessary;
- Keep head and arms inside the bus at all times;
- Do not litter the inside of the bus or throw anything out of the window;
- Keep personal items out of the aisle and take them off of the bus when you leave;
- Do not take part in fighting on or around the bus;
- No eating or drinking on the bus at any time;
- Keep the bus clean and treat the bus equipment with care. (Damage to the bus must be paid for by the offender);
- Respect the bus driver and cooperate at all times.

Infractions of bus rules and regulations will result in a conduct slip issued by the bus company through the Transportation Department. These notices are sent to the Principal or Assistant Principal who will address the situation with the student(s) and parents will be notified. Repeated bus misbehavior will result in bus suspension. In any case involving bus problems, additional sanctions may be taken at the discretion of the principal.

SCHOOL SAFETY AND SECURITY

Our goal is to provide a safe and secure environment for our students, staff and visitors. Everyone, students and parents included, must work together in order to accomplish this goal. To that end, policies have been put into place to make our facilities a safe and secure place for all.

BUILDING SECURITY

All doors to the school building are locked at all times. Anyone wishing to enter the building must use the buzzer and intercom at the front entrance. Once the visitor has been recognized by office personnel, the door lock will be released and the door can be opened. Parents/guardians and students are not permitted to open the door for visitors. Once inside the building, all visitors must report directly to the office to sign in and obtain a visitor's or volunteer's badge.

SURVEILLANCE CAMERA POLICY

In order to promote the health, welfare, and safety of students, staff, administration, and visitors, video recording equipment has been installed on our parish and school grounds. The use of surveillance cameras is a component of our school safety and risk management with a goal of promoting and fostering a safe and secure learning environment for students and staff, ensuring the safety of visitors, and reducing the potential for loss or destruction of parish or school property.

Video surveillance cameras may be used or placed in both interior and exterior portions of the school campus and parish. These areas include, but are not limited to, visitor entry and exit areas as well as common interior and exterior areas. Video surveillance cameras will not be used where there is a reasonable expectation of privacy, such as restrooms, locker rooms, nurse's offices, lounges or private offices. The video surveillance cameras will not have audio capability.

The video surveillance cameras are capable of recording 24 hours a day. The parish/school administration reserves the right to determine when video surveillance is to be conducted. There should be no expectation that the parish/school will continuously monitor all videos. Consequently, the surveillance cameras cannot necessarily be relied upon to provide an immediate response when an inappropriate action occurs. The parish/school administration reserves the right to determine the period of time any video footage recorded by the surveillance cameras is to be maintained. Recorded video is available only to school administration, the pastor, or other authorized individuals. Any recorded footage will be stored in a secure place to ensure confidentiality with applicable laws.

Surveillance cameras may record acts in violation of the student code of conduct and/or other misconduct that occurs in view of the camera. The school reserves the right to use any images or video footage produced by the surveillance cameras as part of enforcement of school policy, and, where appropriate, disciplinary proceedings. Such video recordings may be released to proper officials.

SAFETY PLAN

St. Bridget School has a detailed Safety Plan which is evaluated and modified annually or as needed by the Safety Team and the school faculty in consultation with local authorities. All staff members share in the responsibility to keep the children of St. Bridget School safe. Detailed safety plans are distributed to the staff annually.

Students are instructed in the procedures to follow in the event of an emergency situation (see below). Fire drills are conducted throughout the school year to give the students an opportunity to practice evacuating the building. Teachers

will review emergency procedures with the students. During an emergency/emergency drills, absolute silence is the rule. Students should proceed as quickly as they can to their assigned places.

FIRE ALARM

(Alarm sounds) – Immediate evacuation of the building according to the posted directions in each classroom.

LOCKDOWN

(Announcement over PA—short term) – For both inside and outside threats immediate perimeter lockdown, including doors and windows, students should move beyond view from windows and doors and remain there until the threat is lifted. Announcement shall include specific information. Parents **should not attempt** to collect or to call their children during a crisis situation, unless notified through the media or called directly to do so.

WEATHER DRILLS

(Announcement over PA) – severe weather drills are practiced regularly. Students should move to an interior section of the building away from windows and remain there until the threat is lifted.

STUDENT SAFETY

To ensure the safety and security of each child, no student is to leave the school grounds during the school day without school permission. Likewise, no student may wait alone outside the building for rides. Students who leave during the day must be signed out by an adult and signed in at the office if they return. When the school day is over, children in the school must be with a teacher or in the Extended Day Program. Please be sure appropriate arrangements are made for your child each afternoon if they are staying after school hours.

If you will be delayed more than 10 minutes in picking up your child from school, please call the school office. Arrangements may be made to place your child in the Extended Day Program at the standard fee (see Extended Day Program Rates in Appendix).

During outside recess, only SBS students, parent volunteers and school personnel are permitted on the playground. Outsiders may not loiter or socialize with students.

VISITORS

As you know, visitors are welcome to St. Bridget School and we look forward to extending every courtesy to all our guests. However, we ask that parents do not disturb teachers or children while school is in session.

All parents are required to follow the procedures outlined above regarding gaining admittance to the building and wearing a visitor's badge.

Parents are not permitted to wait in the halls outside their child's classroom at the end of the day. It is distracting to both teachers and students at a particularly busy time. Parents are requested to wait outside the front door of the school for their children.

VOLUNTEERS

We welcome volunteers for lunch and recess, field trips, activities planned by the room mothers and teachers, coaching and club moderators. However, in order to volunteer for anything school related which involves being with the students, it is **MANDATORY** that the VIRTUS PROGRAM (Protecting God's Children) as well as a background check must be

completed before you can volunteer. This program is offered at various times and online throughout the year and will be announced via the website and other avenues for school communications.

ATTENDANCE

Students must attend school punctually and regularly and conform to the attendance policies and procedures established by the school.

Students are to attend school unless there are valid reasons for absence(s) provided by the parent/guardian. Prolonged or frequent absence(s) may have a negative effect on learning and could result in repetition of a grade. If your child is absent on any given day, please notify the Main Office at 203.272.5860 as early as possible (messages may be left on the answering machine). The school nurse will call the home to verify the child's absence if no message has been received. Please make arrangements to have missed school work and assignments either sent home or picked up.

Students must attend school for at least four hours in order to be counted present for a full day. Students who are not present for at least four hours will be considered legally absent. Any student who is absent for more than 60 days in one school year is in jeopardy of retention at the discretion of the Principal and the classroom teacher.

ABSENTEE POLICY

When a child is absent, the parent/guardian must call the school office by 9:30 a.m. each day of the absence. Parents may also send a note in advance or report the absence in person on the day of the absence.

Level 1 Absences: The first 9 absences will be **excused** with a note, in person notification or phone call from the parent/guardian.

Level 2 Absences: Absences of 10 or more will be excused, with a note from the parent/guardian (and in some cases will require additional documentation), in the following instances:

- **Student illness**, with a note from an appropriately licensed medical professional who can verify all student illness absences, within 10 days of absence.
- **Student's observance of a religious holiday.**
- **Death in the student's family** or other emergency beyond the control of the student's family.
- **Mandated court appearances**, to include additional documentation such as a police summons, a subpoena, a notice to appear or a signed note from a court official.
- **The lack of bus transportation** that is normally provided by the Town.
- **Extraordinary educational opportunities** pre-approved by school administrators.

It is important to note that while the first 9 absences in a school year can be deemed excused for any reason by the parent or guardian, the 10th and subsequent absences establish a more stringent and specific set of reasons to qualify as excused.

In cases where a student's extended absence crosses levels, the rules should be applied as if there were two separate absences, one under Level 1 and the other under Level 2. (For example, if a student is absent for 5 days on a family vacation and those absences represent days 7 through 11, absences 7, 8 and 9 would fall under Level 1 and can be accepted as excused; absences 10 and 11 would fall under Level 2 rules and would not be considered excused.)

For absences due to student illness, Level 2 students must either provide a signed note from a medical professional (within 10 days of the absence) who has evaluated the student, can confirm the absence and provide an expected return date, or have the school nurse verify the student's absence with the medical professional treating the student.

If a student is absent for 5 consecutive days or more due to illness, a doctor's note for the absence is required upon the child's return.

Any child exhibiting symptoms of severe cold, fever, flu, diarrhea, or vomiting should be kept at home until the symptoms have been gone for 24 hours. **Parents must follow health protocol guidelines with regard to illness and travel.**

The school calendar provides for extended weekends throughout the school year. Parents are encouraged to schedule trips or family outings during these times, so as to eliminate the need to interrupt a child's learning process. Missed assignments are the student's responsibility. Teachers are not required to give make-up tests or assignments for absences due to vacations. No assignment will be given in anticipation of the vacation.

Students must be in school for a minimum of four hours to be counted in attendance.

Excessive absences can cause a student to be retained in the current grade for another year.

Schools will make every effort to work with parents to address chronic absences and tardiness. If improvement in attendance does not occur, chronic absences or tardiness may be viewed as educational neglect and, as such, result in a report to the Department of Children and Families.

VACATION WHILE SCHOOL IS IN SESSION

A vacation planned while school is in session is strongly discouraged. In such cases, teachers are not required to issue advance work, but may do so, depending upon their curriculum schedule. In any case, all work missed due to such an absence must be made up by the student within five (5) days of the student's return to school.

APPOINTMENTS

All personal appointments (doctor, dentist, etc.) should be made outside of school hours. If early dismissal is required, a note from the parent must be brought in to school that day. The student must be picked up at the school office where he/she must be signed out. **Changes in dismissal time or in transportation for a student will not be made without notification by the parent.**

SIGN-OUTS

When you must pick up your child before the school day is over, please call or email the office. Students will be called out of class from the office. This should only be done for extraordinary circumstances. **The school office will not call students out of the class after 2:50 p.m. unless it is an emergency. This is an extremely busy time for the office as well as the classroom teachers and it is very disruptive to interrupt the classrooms at this time.**

TRUANCY

Students in kindergarten through eighth grade who have four (4) unexcused absences in any one month or ten unexcused absences in any school year are considered truant. If a student has twenty unexcused absences in a given school year, that student is classified as a habitual truant.

In cases of truancy, the school will make every effort to contact parents and resolve to correct the situation. If, however, all efforts fail, the matter must be turned over to the State Education Department and appropriate community agencies.

THE PRINCIPAL RESERVES THE RIGHT TO DECIDE IF A STUDENT'S GROOMING IS APPROPRIATE IN ACCORDANCE WITH SCHOOL POLICY.

LABELS

All uniform clothing and personal items, especially lunch boxes, should be clearly labeled with your child's name. This not only prevents confusion over ownership but also allows lost items to be returned.

DISCIPLINE

The school setting is of the utmost importance in the educational process. Therefore, the school environment must be conducive to learning for all children. Disruptive or counterproductive behavior on the part of the students will not be tolerated. Teachers will establish an atmosphere of learning in the classroom that will contribute to the overall educational experience of the school. Self-discipline and control on the part of every student will enhance and promote this atmosphere. Serious infractions of a disciplinary nature will be dealt with in order to maintain control over the educational environment of the school and to ensure the safety and well-being of each student.

RESPECT FOR TEACHERS AND ADMINISTRATORS

Parents are held to the same standard as students with regard to respect for teachers and Administrators. Enrollment of the child in the school implies a partnership between the school and the parents/child. If the partnership breaks down, parents can be required to withdraw the child from school.

1.214 STANDARDS FOR SCHOOL PARENTS AND GUARDIANS

POLICY

Approved: September 1, 2009

The education of the child is a partnership between the parent and the school. It is the parents'/guardians' responsibility to cooperate with school staff for the welfare of students. If, in the opinion of the school administration, parental/guardian behavior seriously interferes with teaching, learning, and the orderly operation of the school, and/or the partnership is irrevocably broken, the school may require parents/guardians to withdraw their children and sever their relationship with the school.

PROCEDURE

Approved: September 1, 2009

Revised: May 13, 2013

Instances that may result in an irrevocable parent/school relationship include: a parent requires an inordinate amount of the teacher's or administrator's time, a parent refuses to accept the discipline meted out to his/her child, or a parent or child refuses to follow school rules/code of conduct.

If a parent/guardian disagrees with school corrective action or discipline and responds by directing the child not to speak with administration or appropriate school staff without their consent, this would constitute an irrevocable breach of trust and result in the school administration requiring the parent to withdraw their child from the school.

Parents/Guardians of students in Catholic schools serve as the primary educators and faith formation leaders for their children, and are encouraged to participate actively in the life of their parish or faith community.

5.101 ADMISSION OF STUDENTS

POLICY

Approved: September 1, 2009

Revised: 2018

The schools of the Archdiocese of Hartford admit qualified students of any race, color, and national or ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the schools. The schools of the Archdiocese of Hartford do not discriminate on the basis of race, color, ancestry, national and ethnic origin, or sex, except in the case of single sex schools, in the administration of educational policies, admission policies, and scholarship and loan programs.

Because of limits in their resources and programs, all schools of the Archdiocese of Hartford may not be able to provide an appropriate education to all students with special needs.

Preference for admission shall be given to students of the Catholic faith.

PROCEDURE

Approved: September 1, 2009

Revised: May 17, 2010; 2018

The school's admission policy shall be clearly written in the Parent-Student Handbook.

The Principal/Head of School/President shall ensure that the school abides by the non-discriminatory policy regarding students and publish such policy in the school's Parent-Student Handbook.

Each applicant and his/her parents/guardians shall have a pre-admission interview with the Principal/Head of School/President or his/her designee.

High school territorial marketing areas established by the Center for Catholic Education & Formation will be maintained only for visits by the high schools to Catholic elementary schools and by Catholic elementary school students to the high schools. High schools may pursue all other marketing efforts without regard to the territorial guidelines, but with a sensitivity to each secondary school's home town.

The school should make a strong effort to provide a Catholic education for students whose parents are unable to pay full tuition, and make an equally strong effort to make sure that those who are able to pay tuition do so.

Admission criteria shall vary from school to school, depending upon the objectives of the school, its resources, and the type of community served. Each school is encouraged to have a recruitment program. Schools may consider the following priorities for student admission:

Elementary and Middle School

1. Catholics who have brothers and sisters attending the school;
2. Catholic students from the parish(es) sponsoring the school;

3. Catholic students from other parishes in the Archdiocese of Hartford;
4. Catholic student from parishes outside the Archdiocese of Hartford;
5. Students whose parents/guardians are alumni of the school;
6. Non-Catholic who have brothers and sisters attending the school; and
7. Other non-Catholic students

The decision of the Pastor is final.

All new students are accepted on a conditional basis. If it is determined that the placement is not beneficial, or that the resources available to the school are not complementary for the student to meet with success, parents will withdraw the student. Tuition will be refunded on a pro-rated basis. Non-refundable fees are not considered tuition and thereby will not be refunded.

5.501 STUDENTS CODE OF CONDUCT

POLICY

Approved: September 1, 2009

Each school must have its code of conduct and discipline procedures published in the parent/student handbook.

In enrolling a child at a Catholic school, parents acknowledge that the administration may engage in discussion with their child about matters pertaining to behavior and/or academics without prior parental notification.

Parents are not entitled to knowledge of or access to academic, disciplinary, health, financial or other records of another student enrolled in the school.

PROCEDURE

Approved: September 1, 2009

Revised: May 17, 2010

The school Principal, with the assistance of the faculty and the input of parents, must develop a code of conduct and disciplinary procedures based on Catholic values and the dignity of the human person. The purpose of the code of conduct is to develop sound moral character, responsibility, and citizenship.

Students may be disciplined for conduct off school grounds if such conduct is disruptive of the educational process, violates a policy of the school, or negatively impacts the school.

In registering and enrolling in the Catholic school, parents/guardians agree to comply with and support disciplinary decisions as outlined in the school's discipline policies and abide by the published Code of Conduct.

5.201 STUDENT ATTENDANCE

POLICY

Approved: September 1, 2009

Schools shall adhere to the statutes established by the Connecticut Department of Education regarding school attendance. The responsibility for compliance with this law belongs to the parent(s)/guardian(s) of the child. Students must attend school punctually and regularly and conform to the attendance policies and procedures established by the school and outlined in the parent/student handbook.

The school is required to keep an accurate record of attendance, tardiness, and absences.

A student not physically present at school, excused or unexcused, is marked absent.

Students are to attend school unless there are valid reasons for absence provided by the parent/guardian.

If a truancy problem cannot be solved by the Catholic school authorities, the Department of Children and Families (DCF) shall be notified. Excessive or chronic tardiness and absences may also be reported to DCF.

PROCEDURE

Approved: September 1, 2009

Revised: May 17, 2010, 2018

A student's attendance must be recorded on the term report card and on the student's permanent record each year.

Local school policy shall determine when other absences or tardies are to be excused. With the exception of some medical cases, students are responsible for all work missed, and are subject to the local school policies for determination of whether absences are excessive, and to determine what consequences shall be enforced.

When a student fails to produce a required excuse, or when there is a reason to question the validity of the excuse, the Principal or appropriate administrator should investigate the situation. In some cases, conferences or referral to a guidance clinic may be helpful.

An excused absence does not mean a student shall not be marked absent. A student not physically present at a school, excused or unexcused, is marked absent.

All written excuses shall be kept on file for one school year.

The attendance record must be kept on file for a minimum of fifty years and then destroyed.

Perfect attendance should not be a distinction that merits special recognition. Students may not participate in any school-sponsored event if they are not in school on the day of the event without express permission of the principal or chief administrator.

New Policy: CHRONIC ABSENTEEISM, TARDINESS and TRUANCY

Schools shall adhere to the statutes established by the Connecticut Department of Education regarding chronic absenteeism, tardiness and truancy.

Chronic absence is defined as missing 10 percent or greater of the total number of days enrolled during the school year for any reason. It includes both excused, unexcused, out-of-school suspensions, and in-school suspensions that last more than one-half of the school day.

Truancy is a term that generally refers to four unexcused absences in one month or 10 unexcused absences in a school year. Responses to truancy are usually about school rule compliance and can lead to court intervention. Connecticut General Statutes (C.G.S.) Section **10-198a (b)(1) and (2)**

A student is considered to be "in attendance" if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day. Students are absent when serving an out-of-school suspension or expulsion.

Excused Absences

A student's absence from school shall be considered excused if written documentation of the reason for the absence has been submitted within ten school days of the student's return to school and meets the following criteria:*

- A. For absences one through nine, a student's absences from school are considered excused when the student's parent/guardian approves such absence and submits appropriate documentation; and*
- B. For the tenth absence and all absences thereafter, a student's absences from school are considered excused for the following reasons:*
 - 1. student illness (Note: all student illness absences must be verified by an appropriately licensed medical professional to be deemed excused, regardless of the length of absence);*
 - 2. student's observance of a religious holiday;*
 - 3. death in the student's family or other emergency beyond the control of the student's family;*
 - 4. mandated court appearances (additional documentation required);*
 - 5. the lack of transportation that is normally provided by a district other than the one the student attends (no parental documentation is required for this reason); or*
 - 6. extraordinary educational opportunities pre-approved by school administrators.*

Unexcused Absences

A student's absence from school shall be considered unexcused unless they meet one of the following criteria for excused absences or meets the definition of a disciplinary absence.

Chronic attendance could result in a student being retained in a grade level and/or not offered or rescinded registration for the following year, at the discretion of the Principal/Chief Administrator in consultation with the Superintendent.

BULLYING POLICY

Grades Kindergarten through Eight

INTRODUCTION

Bullying is prohibited in all Catholic schools in the Archdiocese. It must not be tolerated during the school day nor during any school sponsored activities on or off the school grounds. Bullying and intimidation are actions that are contrary to the teaching of Jesus Christ. This behavior is against the fundamental tenet of "Love your neighbor as yourself," and destroys respect for the dignity of the student, undermines the Christian atmosphere of the school and deprives the student of a safe and caring learning environment.

SCOPE OF POLICY

This bullying policy is to be applied to Kindergarten through Grade Eight at St. Bridget School. It addresses bullying and does not replace any policies that deal with individual student misconduct or behavior. Student behavior is already addressed in the "Expectations of the Student" section of this policy.

This policy will not apply to the pre-kindergarten program. It is recognized that these children are very young and are learning social skills. Unkind acts that occur at the pre-kindergarten level will be handled by the child's teacher. The teacher will work with the student, family and principal, or assistant principal (as needed) to address these situations.

DEFINITION OF BULLYING

"Bullying" is defined as any overt acts by a student or a group of students directed against another student with the intent to ridicule, harass, humiliate, or intimidate the other student while on school grounds, at a school sponsored activity or on a school bus, which acts are repeated against the same student over time. Such policies may include provisions addressing bullying outside of the school setting if it has a direct and negative impact on a student's academic performance or safety in school. Bullying includes, but is not limited to, physical intimidation or assault, extortion, verbal or written threats, teasing and putdowns, name calling, threatening looks, gestures or actions, cruel rumors, false accusations, and social isolation.

In accordance with this definition, the following factors should be considered before identifying conduct by a student or group of students as bullying in violation of school policy. The determination that conduct does not constitute bullying under state law and school policy, however, does not restrict the right of the administration to impose appropriate disciplinary consequences for student misconduct.

LOCATION

Bullying in violation of school policy must occur on school grounds or at a school sponsored activity (which includes transportation services). Conduct that occurs off-campus, e.g.: harassment over the Internet, physical intimidation in the community, is not bullying under this policy unless it has a direct and negative impact on a student's academic performance or safety in school.

REPEATED MISCONDUCT

Bullying in violation of school policy must be "repeated against the same student over time." An isolated incident, however upsetting, is not "bullying" under state law and school policy. Similarly, numerous acts of misconduct against different students do not constitute "bullying" under state law and school policy. While serious, both isolated incidences

of bullying behavior and numerous acts of misconduct against different students will be appropriately addressed under the school's discipline policy and will be entered in a log to ensure a pattern of bullying behavior does not develop.

RIDICULE, HARASSMENT, HUMILIATION, AND/OR INTIMIDATION

Bullying is more than misconduct. Bullying is marked by the intent to ridicule, harass, humiliate or intimidate the victim. In evaluating whether conduct constitutes bullying, special attention should be paid to the words chosen or actions taken, whether such conduct occurred in front of others or was communicated to others, how the student accused of bullying interacted with the victim, and the motivation, either admitted or appropriately inferred, of the alleged violator.

FORMAL COMPLAINTS

Students and/or their parents or guardians may file written reports of conduct they consider to be bullying. These written reports shall be reasonably specific as to the actions giving rise to the suspicion of bullying, including time and place of the conduct alleged, the number of such incidents, the target of such suspected bullying and the names of any potential student or staff witnesses. These reports can be filed with any teacher, who will forward them to the principal, or directly to the principal for administrative review and action.

INFORMAL COMPLAINTS

Students may make informal complaints of conduct that they consider to be bullying by verbal report to a teacher or administrator. Such informal complaints shall be reasonably specific as to the actions giving rise to the suspicion of bullying, including time and place of the conduct alleged, the number of such incidents, the target of the suspected bullying, and the names of any potential student or staff witnesses. The individual who receives the informal complaint shall promptly forward a written complaint, including the information provided to the Principal for administrative review and action.

ANONYMOUS COMPLAINTS

Students who make an informal complaint as set forth above may request that their name be maintained in confidence by the teacher(s), administrator(s) who receive the complaint. Should anonymity be requested, the Principal or his/her designee shall meet with the student, together with the student's parent/guardian, to review the request for anonymity and the impact that maintaining anonymity of the complaint may have on the investigation of the complaint and/or possible remedial action. At such a meeting, the student shall be given the choice as to whether to maintain the anonymity of the complaint. Anonymous complaints shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that does not disclose the source of the complaint and is consistent with the due process rights of the student(s) alleged to have committed acts of bullying.

STAFF RESPONSIBILITIES AND INTERVENTION

Teachers, administrators and other professional staff such as teacher's aides, the school nurse, and librarian who witness bullying, as defined above, shall promptly notify the Principal of the events observed, and shall promptly file a written incident report concerning the events witnessed.

Teachers and other professional staff members are encouraged to address the issue of bullying in other interactions with students. They may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially appropriate behavior. Teachers and other professional employees should intervene promptly (unless intervention would be a threat to the staff member's safety) whenever they observe student conduct that has the purpose or effect of ridiculing, harassing, humiliating, or intimidating another student, even if such conduct does not meet the formal definition of "bullying."

INVESTIGATION OF COMPLAINT

Once a complaint has been reported, the Principal shall promptly investigate to determine if bullying has occurred. The Principal will review the log referred to in #17 of the "Expectations of the Student" section to also see if there is a pattern of bullying behavior and will use that as a tool of investigation. Investigation of alleged bullying may also include interviews and conversations with students (including witnesses, the victim(s), and the student(s) accused of bullying), parents, faculty, staff and school records. Parents of children filing a complaint and named in the complaint will be made aware of the investigation.

An investigation of an anonymous complaint shall be limited as appropriate. Such limitation of the investigation may include restricting action to a simple review of the complaint, discussing the complaint (with or without discussing it with the alleged violator) subject to further receipt of information and/or the withdrawal by the complaining student of the condition his/her report be anonymous.

A written report of the investigation shall be prepared when the investigation is complete. Such a report shall include findings of fact, a determination of whether acts of bullying were verified, and, when acts of bullying were verified, and a recommendation for intervention, including disciplinary action.

CONSEQUENCES OF ACTIONS

Once the investigation is complete, the school Principal shall determine the consequences for the individual(s) on a case-by-case, age-appropriate basis. Bullying can take many forms and can vary dramatically in how serious it is, and what impact it has on the victim and other students. Accordingly, there is no one prescribed response to verified acts of bullying. While conduct that rises to the level of "bullying," as defined above, will generally warrant disciplinary action against the student responsible for bullying, whether and to what extent to impose disciplinary action is a matter for the professional discretion of the Principal. It is the goal of the administration, faculty, and staff to have the child achieve redemption, learn and stop the bullying. The following are possible interventions to enforce the prohibition against bullying.

NON-DISCIPLINARY INTERVENTIONS

When verified acts of bullying are identified early and/or when acts do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered bullying.

DISCIPLINARY INTERVENTIONS

When acts of bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Children who participate in bullying acts may be asked to perform some type of community service within our School/Parish, make amends with the child(ren) that is/are victims of the bullying acts, and will be issued an age-appropriate consequence. Community service may include, but is not limited to, tasks in the classroom, cleaning up grounds or the building. Making amends shall include, but is not limited to, making a card or writing a letter to the child, apologizing to the child, performing an act of kindness. Punitive action may include detention, in-school suspension, suspension at home, and expulsion. An in-school/out-of-school suspension given as a result of bullying shall be reported to the Superintendent for Archdiocese of Hartford Elementary Schools, Office of Catholic Schools. Parents of all disciplined children will be notified of the consequences.

Depending upon the severity of the situation, the administrator may also take steps to ensure student safety. These may include implementing a safety plan, separating and supervising students involved, providing staff support for students as necessary, requesting a parent conference, requiring that a student/family obtain professional counseling, developing a

supervision plan with parents and notifying law enforcement in the most severe cases. Out of respect for the student's privacy, either set of parents may not be given information concerning the disciplinary actions of other students.

EDUCATIONAL MEASURES

The faculty of St. Bridget School will include education about the harm, culture and injustice caused by bullying into their curriculum where it is possible and appropriate. The Religion Program in grade K -8 will integrate issues about bullying behavior into the classes.

REPORTING OBLIGATIONS

Report to the parent or guardian of the student involved in acts of bullying:

If after investigation, acts of bullying by a specific student are verified, the Principal shall notify the parent or guardian of the student in writing of that finding. If disciplinary consequences are imposed against the student, a description of the discipline shall be included in the notification.

Reports to the victim and his/her parent or guardian:

If after investigation, acts of bullying against a specific student are verified, the principal shall notify the parent or guardian of the victim of such finding. In providing notification, the statutory privacy rights of the person responsible for bullying must be respected. The specific disciplinary consequences imposed on the violator, as reflected in the student's educational records, shall not be disclosed to the parents or guardian of the victim, except as provided by law.

EXPECTATIONS OF THE STUDENTS

The administration and faculty of St. Bridget School expect the students of our school community to behave in a responsible and caring way both on- and off-the campus. The students shall:

3. Forfeit a portion of recess;
4. Be required to remain after school to complete work (parents will be notified);
5. Receive a detention;
6. Receive a Conduct Referral;
7. Receive an In-School Suspension;
8. Be suspended from the school;

10. Other.

EXPULSION

A student may be expelled from school when he/she: has engaged in conduct which constitutes a serious violation of school policy; is seriously disruptive of the educational process, which endangers persons or property; or has engaged in repeated violations of school policies, rules and standards of conduct; and when other means of discipline have failed. Incidents of physical assault, such as bullying or verbal abuse (threats, extortion, or violence) are not acceptable in a Catholic school or at school-sponsored activities and may result in disciplinary action up to and including expulsion. This policy is intended to cover serious misconduct which occurs off school grounds and which does not directly involve the school but which can be harmful to the education process of the school.

OFF CAMPUS CONDUCT

The administration reserves the right to discipline the student for off campus behavior that is not in line with the behavior expectations of students during the course of the school day or that is detrimental to the reputation of the school. **This includes, but is not limited to, postings on social media, words and actions at sporting events, etc.**

CHEATING

Cheating will not be tolerated. This includes plagiarism. Students who choose to cheat, face a failing grade, detention, suspension, and/or expulsion.

HARASSMENT

St. Bridget School does not condone any form of harassment. All individuals are to be treated with dignity and respect. Harassment in any form is prohibited. The prohibition against acts of harassment applies to all individuals involved in the school.

Sexual harassment includes unwelcome sexual advances.

Verbal harassment includes derogatory comments, jokes, or slurs; it also can include belligerent or threatening words spoken to another individual.

Physical harassment includes unwanted physical touching, contact, assault, and deliberate impeding or blocking movements, or any intimidating interference with normal work or movement.

Visual harassment includes derogatory, demeaning, or inflammatory posters, cartoons, written words, drawings, novelties, or gestures.

A student who harasses another student shall be disciplined and may be expelled from the school.

DETENTION SYSTEM

Detention will be given by a teacher or by administration for infraction of rules and school policies. Detention will be held as soon as possible for one hour (3:25 to 4:25). When a detention is given, the student is required to bring the detention notice home to be signed by a parent. It is then returned to the classroom teacher and filed in the Office the following day. In some cases, communication with parents may be by phone call and/or email.

Detentions are given when deemed necessary and are extremely serious. They are preceded by involvement of the Principal and the parents.

Any sports team member who receives a detention will forfeit the next practice or game.

Failure to serve a detention at the appointed time may result in additional detentions being issued and continued infractions will require the attention of the Principal.

The issuing of a third (3rd) detention within one (1) trimester will result in an in-school suspension.

SUSPENSION

Any suspension (i.e., in-school or out- of-school) automatically excludes a student from participation in extracurricular activities for a period of six (6) weeks.

IN-SCHOOL SUSPENSION

A student serving an in-school suspension will be separated from his/her class. During the suspension period, the student will be under the supervision of the Principal and will complete all required school assignments.

OUT-OF-SCHOOL SUSPENSION

Out-of-school suspension means that a student is excluded from classes for a specific period of time. During this time, the student is expected to be at home and/or under the supervision of his/her parents. The student is given school assignments that must be completed by his/her return to school. No remote learning will be permitted during an out-of-school suspension.

PERMANENT DISMISSAL FROM ST. BRIDGET SCHOOL

When the welfare of any student is threatened by another student with harmful conduct such as threatening, fighting, cheating, stealing, smoking, drinking, and/or the use of drugs, such a student is subject to expulsion at the discretion of the Pastor/Principal. Conduct, whether inside or outside school that is detrimental to the reputation of the school, can/may result in suspension or expulsion at the discretion of the Principal.

For all after school activities, both before and after school, all students must be under the direct supervision of a coach/activity moderator/or parent/guardian.

SEARCH AND SEIZURE

The principal/chief administrator and/or his/her designee may search student desks, lockers or personal belongings, including, but not limited to, handbags, briefcases, purses, backpacks, clothing and other items in a student's possession. The local police, using drug-detecting dogs, may be invited into the school on a random basis to search lockers as a proactive, preventative measure.

ACADEMIC POLICIES

St. Bridget School joins all Archdiocese of Hartford Schools in the Trimester system. The school year is divided into three (3) equal trimesters with mandatory Parent Conferences in the fall and optional conferences in the spring.

ACADEMIC EXPECTATIONS AND STANDARDS

Academic expectations are defined in terms of the level of knowledge, abilities and skills students should possess. Expectations also refer to the time, hard work, behavior, self-discipline, and motivation that are essential for high student achievement. Teachers and administrators express these expectations to students in several different ways such as:

- By grades, which reflect the degree to which students demonstrate their mastery of subject matter;
- Through graduation requirements, which tell students which subjects are most important;
- By the presence or absence of rigorous tests requiring students to demonstrate their mastery of content and skill before receiving a diploma;
- By high school admissions requirements, which reinforce elementary school standards;
- By the difficulty of the subject matter students confront in their texts and assigned readings;
- Through Student-Parent and Teacher Handbooks which state religious academic, social, and behavioral expectations;
- By the quality and content of all written and oral communications;
- By close monitoring of student progress within a carefully planned and articulated program;
- By fostering a positive climate of high expectations for all students.

PRE-K CURRICULUM

St. Bridget School offers a Pre-K 3 and a Pre-K 4 Program. Children may participate in either half- or full-day for three (3) days (Monday, Wednesday, Friday) or five(5) days a week.

The purpose of this program is to provide opportunities for learning for younger children in a nurturing environment where they can grow socially, spiritually, emotionally, intellectually and physically.

The Pre-K 3 Program allows for the continued growth from the home environment into the school setting. The growth of social and motor skills, development of self-concept and concept of others around them as well as the world, intellectual growth, and religious faith development of beliefs and understandings are stressed.

The Pre-K 4 curriculum is a kindergarten readiness program. It consists of a faith lesson, circle time, art and science projects, reading, writing, and math readiness, and language arts. All are offered through concrete hands-on activities. Each week a letter of the alphabet is showcased with various activities such as cooking or baking an item that begins with the letter of the week. Special classes offered throughout the week include art, music, gym, Spanish, MakerSpace and library. The students become familiar with technology, using the SMART Board, iPads, robots and computers to enhance lessons and learning.

PRIMARY CURRICULUM

Academic success in the later years depends on having a good foundation in reading, writing, speaking, and math. These subjects are the core of the primary curriculum. Cross-curriculum teaching and integration of subjects unifies the primary grade learning for the whole child and recognizes each child as a unique gift from God with his / her own gifts and talents. Religion is taught as a core subject and integrated into all aspects of curricula.

Kindergarten through Grade 3, students progress through a basic and sequential reading program which includes all areas of language arts: phonics, reading, writing, grammar, spelling, vocabulary and oral language. Through grouping and the use of manipulatives, students develop the essential math skills and concepts needed for daily life and problem solving. Social studies include geography, world cultures, government, and community. Science provides a basic "hands-on" approach covering the areas of life, earth, and physical science. Skills are developed for exploration, problem solving and use of the scientific method.

All subject areas use technology as a major tool for engaging students in the material being taught and for learning to work independently. It is particularly helpful in this age group to allow students to work at their own pace.

The use of the Smart Boards®, age-appropriate devices/software and time in the MakerSpace give students an introduction into the ways technology can be used to practice the skills they need to succeed, find information they need, and share that information with others.

INTERMEDIATE CURRICULUM

The intermediate grades build on the foundation begun in the primary grades. The Religion curriculum for fourth grade emphasizes the 10 Commandments, while fifth graders study the seven sacraments. Both grades work on parts of the Mass, The Beatitudes, Works of Mercy, and Child Lures.

The Language Arts program teaches students to use a variety of techniques to progress from being able to write short paragraphs to a well-developed essay. The elements of a research paper are also introduced. In reading, students gain an appreciation and understanding of various literary genres: fiction, non-fiction, historical fiction, poetry, etc.

In math, students continue to use basic operations and skills are further developed using interactive learning tools, manipulatives, and cooperative grouping.

Social studies classes teach students about the history of the United States, including Native Americans, the birth of our nation and the regions of our country. Fourth grade students study the state of Connecticut. In geography, students learn how to interpret maps and charts. Civics and economics are part of social studies and integrate Catholic social teaching.

The science curriculum covers biological science, physical science, and earth science. Biological science is taught through the study of plants and animals and health and life structures. Physical science is taught through the study of matter, energy, sound and light. Earth science is taught through the study of conservation of energy, weather, oceans, the Earth and the solar system. Field trips for this grade level are related to the science and social studies curriculums.

Technology plays a big part in all areas. The use of the Internet, Smart Boards, Chromebooks, iPads and robots offer students ways to make the curriculum come alive.

MIDDLE SCHOOL CURRICULUM

Middle school students progress through each subject over the course of the three (3) years they spend there. All subjects move students from a basic understanding to a more advanced level to prepare them for high school. Students begin the day with a lesson in Religion and/or Family Life. Grade 6 studies the Old Testament, birth to aging and death in Family Life. Seventh graders learn about the symbols, rituals and sacraments and discover the value of deepening their relationship with Jesus. They discuss family relationships, values and virtues, and Christian Life as "Disciples of Jesus." Eighth grade students discuss morality, church history, and becoming witnesses to their faith "as members of the

Church.” They also take a trip to the Franciscan Life Center to participate in a team building program. All middle school students participate in other social action projects where they can share their faith with others.

In grammar, the students study parts of speech and their applications to writing. They are taught the seven parts of speech and the parts of sentences and their related structure. Students are required to demonstrate understanding of these key concepts and to apply acquired knowledge to their own writing through a variety of assignments and assessments. This course is cyclical and each of these concepts is repeated in Grades 6, 7, and 8. SAT writing prompts and document-based questions are assigned across the curriculum.

The Literature course covers a variety of genres and introduces the students to the concepts of short stories and novels, both fiction and nonfiction. Students are given an opportunity to respond to literature and discuss reactions. Students learn writing concepts and analyze various types of writing. In addition to the anthology, students are introduced to novel study appropriate to grade level. Some of the novels that have been studied are The Egypt Game, Johnny Tremain, and To Kill a Mockingbird. Students write across the curriculum and are encouraged to write in a variety of genres. Skills necessary to write a research paper are further developed and the subject matter is generally cross-curricular.

Sixth grade History class takes students back to ancient cultures of Egypt, Greece and Rome. Seventh graders begin the study of American History starting with the Colonial Period and ending with the Civil War. Eighth grade students study Reconstruction, World War I, The Great Depression, the Holocaust, WWII, Vietnam and current events. These subjects are brought to life with discussions, videos, WebQuests and 3D projects.

Seventh and eighth grade students travel the world in their geography classes. With extensive use of the internet and several guest speakers, they can learn about other cultures and actually see what life is like in other areas of the world. Seventh grade concentrates on Latin America and Europe while the eighth grade focuses on Russia, Asia, Africa and Australia. The culminating activity is participation in a Multicultural Fair at the end of the school year.

The mathematics curriculum is designed to help students develop self-confidence and recognize math as a necessary and daily life skill. The goal is to fully prepare each student for high school mathematics. Pre-Algebra (7th – 8th grade) and Algebra (8th) are offered for students who qualify. Students of all levels are encouraged to join our after-school MathCounts Club, which meets once a week and participates in a national math competition in February of each year. Sixth grade science students first learn what it means to be a scientist. They learn to use lab equipment while studying matter, the Periodic Table, energy and the organization of living things. Cells, heredity, bacteria, plants and the systems of the human body are the focus of seventh grade studies. They also learn about the Six Kingdoms and complete a Life Sciences project where they research a plant and then grow it from a seed. Eighth graders learn about forces and energy using simple machines. They also study the Periodic Table, the reactivity of elements, and the characteristics of matter and how they relate to energy.

All middle school grades learn Spanish. Classes focus on basic language skills (listening, reading, writing, speaking), grammar and the customs and culture of Hispanic countries.

Students in middle school develop advanced skills in Smart boards, Chromebooks, and iPads to prepare and present their work. As time permits, they mentor students in the lower grades in the use of new technology.

HOMEWORK

On all levels, homework is an extension of classroom study and is an important phase of the school curriculum. Homework involves:

- Practicing new skills introduced in class;

- Reviewing skills to prepare for an assessment;
- Enriching background knowledge;
- Expanding or integrating learned knowledge.

It generally involves completing classroom assignments or reinforcing classroom learning. In addition, students may be required to work on projects, book reports and special assignments. Students are expected to use some free time at home to study math facts, parts of speech, spelling words and to pursue independent reading. Twenty minutes of independent reading is required each night. The amount of time a student is expected to spend daily on homework varies from level to level:

- Primary Grades (1, 2, 3) - 30 minutes daily (approximately);
- Intermediate (4, 5) - 60 minutes daily (approximately);
- Upper Grades (6, 7, 8) - 90 minutes daily (approximately).

Parents are asked to establish certain hours of the afternoon or evening when assignments can be completed without the distraction of television, computers or phone calls. The “homework period” should be used for completing written assignments, studying for upcoming tests, reviewing, reading, etc. This time should be consistent even if students “finish” sooner. When they are aware that they must spend this time on schoolwork each night, they do not rush to complete assignments and consequently learn better study habits. These general homework guidelines are the basis of the homework policies issued by each classroom teacher at the beginning of the school year.

In summary, the school expects the following academic standards:

- Do all your homework;
- Come to class prepared - with books, pen/pencils, paper, etc.;
- Participate meaningfully in class;
- Concentrate on the lesson being taught;
- Study for tests and quizzes and always do your best;
- All written work done in grades 4-8 is in cursive or typed.

GRADES 4-8

If a student fails to hand in required assignments, parents will be notified. Three (3) missed assignments in a marking period for a given subject will result in a homework detention with the classroom teacher. Parents will be notified ahead of time.

REPORT CARDS

Kindergarten through 8th Grade Report Cards are distributed three (3) times each year: November, March and June. A parent-teacher conference is required for all full day students. Pre-K Progress Reports are issued in January and at the end of the year.

Parents with students in grades 4-8 may check progress of students via the EduConnect system for assignments and grades throughout the academic year. Information on logging into the system will be shared prior to the start of the school year. The first Report Card is issued directly to the parent during a parent-teacher conference held at the end of the first marking period, A Report Card envelope is sent home with each Report Card. This envelope is to be signed and returned to the teacher as an acknowledgment that the Report Card was received by the parent.

Report cards focus on three (3) important areas reflecting our philosophy of education; academic achievement, attitudes and conduct, and effort and study habits.

Since individuals mature at different rates and have different abilities in reading and mathematics, these sections of the Report Card communicate to the parents the grade level upon which the child is working and his/her achievement at that level.

Within parameters set by the school, teachers set grading policies within their own classrooms. Parents are made aware of these policies at the beginning of the school year at the September Open House.

MARKING SYSTEM CODES

Grades 1-3

The purpose of grades is to assess and report learning. Grading practices must enhance, not hinder, teaching and learning (Policy 4.134). In the primary grades, the main purpose is to report progress of the development of the whole child: academically, socially-emotionally, and in terms of work skills/habits. The goal is to strengthen the home-school partnership and to inform parents concerning their child's progress in school. Teachers use classroom assignments, assessments, and observation of your child to determine progress made or how close he/she is to meeting criteria for grade level expectations. Each term, the teacher will report to parents/guardians of each student a numbered descriptor that best reflects this progress.

5 - Consistently exceeded grade level expectations for this term.

- This is not to be confused with an "A" This level of performance indicates that the learner/student consistently extends concepts and skills above proficiency levels; demonstrates an advanced level of understanding and/or ability to apply knowledge at a higher level;
- Students at this level have mastered **95-100%** of the objectives taught at a mastery level;

4 - Consistently achieved developmentally appropriate skills and/or expectations for this term.

- This indicates consistent performance at achieving grade level mastery. This is where we would expect all students to achieve in a given grade level;
- Students at this level have demonstrated a mastery of **87-94%** of objectives taught.

3 - Approaching mastery of developmentally appropriate skills and/or expectations for this term.

- This indicates growth and significant progress toward consistent mastery of grade level expectations. This student has mastered a majority, but not all, of the grade level objectives taught. Performance indicates that the learner/student is approaching mastery at grade level;
- Students at this level have demonstrated a mastery of **80-86%** of objectives taught.

2 - Approaching proficiency toward developmentally appropriate skills and/or expectations for this term.

- This student has demonstrated proficient achievement of many of the grade level skills/concepts taught in this content area;
- Students at this level have demonstrated a mastery of **70-79%** of objectives taught.

1 - Difficulty meeting developmentally appropriate skills and/or expectations for this term.

- Indicates a student needs intensive support at school and at home to approach grade level expectations in this content area. Very few objectives taught were met at proficiency;
- Consistent support and intervention strategies required to meet expectations;
- Students who demonstrate proficiency at this level will have an Academic Improvement Plan (AIP) developed by the teacher and the parent; progress will be monitored on a frequent basis.

Incomplete work for this term.

- The students did not do enough work or submit enough work to assess a level of mastery;
- Students will be given the opportunity to make up the work with the goal of becoming proficient. Failure to do so by the next grading period will result in the letter grade remaining as not yet achieved/met standard and may result in an incomplete or failing grade.

Descriptors

An Indicator of **5** is for a student who is consistently exceeding standards and specific objectives. Students receiving a **5** are being provided with extended learning opportunities to ensure intellectual growth. An Indicator of **4** shows the expectation of mastery and is the goal for students to receive by the end of the year in any subject area. A **4** indicates students are doing well and reaching or exceeding grade level expectations. A descriptor of **3** or **2** indicates areas where growth is possible. It should be perceived as an area where goal setting and extra focus/practice is needed. An Indicator of **1** indicates significant attention is needed. It is important for the teacher and student's family to meet to discuss and devise intervention plans and support. If at any time you have any questions regarding your child's performance in school, please contact your child's classroom teacher. Parent/guardian support of their child's journey during these formative and developmental years is truly appreciated by teachers and administration..

Expectations play an important role in this type of evaluation. Expectations are different for second and third graders than they are for first graders.

Grades 4-8

Marks for academic achievement in **grades 4 through 8** are letter grades based on numerical assessments in daily class work, tests, quizzes and homework.

A+ 100-98 B+ 89-87 C+ 79-77 D 69-65 F below 65, Failing

A 97-94 B 86-83 C 76-73

A- 93-90 B- 82-80 C- 72-70

HONOR ROLL

Students in 6th, 7th and 8th grades will be eligible for the Honor Roll based on the following criteria: High Honors – All A's (no A-) and above; Honors – All A's with no more than 1 B (no B-). Both levels of Honors assume satisfactory marks in all non-academic classes and satisfactory behavior in every area. In addition, any grade lower than a "B" or lower than "S" in a special shall negate honor roll status. In the event that a student receives all A's and B's including B- in all other academic areas, the status of honorable mention may be awarded.

The final averages from both grades 7 & 8 will be used to determine honors given out at graduation.

Students in grade 7 meeting the minimum requirements are eligible to apply for membership in the National Junior Honor Society in the spring. Students must have a 94 average over the prior 3 trimesters, meet service and application requirements, and hand in the application by the specified time. Applications are reviewed by a committee of faculty members from all Grades and are chosen by the consensus of the committee that they have successfully met all of the requirements outlined by the National Junior Honor Society.

ACADEMIC PROBATION

Students whose grades fall below 65 are considered failing in that particular subject area. If the grade(s) is/are not brought up to a passing grade within a 2 week period, the student will be placed on academic probation. Students on academic probation will not be entitled to participate in extra-curricular activities before or after school.

STANDARDIZED TESTING

NWEA AND THE MAP GROWTH ASSESSMENT OF BASIC SKILLS AND COGNITIVE ABILITIES TEST

As required by the Archdiocese of Hartford, students in grades 1 through 8 are administered the NWEA and the Map Growth Assessment of Basic Skills and Cognitive Abilities test (three times/school year—fall, winter and spring). A report summarizing student performance is included in the Spring of each year. Once the results are available, parents, if desired, can make an appointment to review individual student results with the school Principal.

CRITERIA FOR RETENTION

Students are promoted once a year based on the student's satisfactory completion of the grade requirements. Students having the ability to obtain passing grades, but not achieving them, will be considered for retention at their present grade level. If the administration, faculty, and parents/guardians agree that it would contribute positively toward the personal development and academic progress of the student, the child will be retained. The parents will be made aware of this during the year and if significant improvement is not made, a meeting of all involved, i.e., teacher, parents and Principal, will be held to review the situation.

At all grade levels, the general expectation is that a student will pass all subjects in order to be promoted to the next grade.

ACADEMIC RECORDS

The school will maintain a cumulative record which includes basic information, academic achievement, grade level, attendance, standardized test scores and medical history. Student records are confidential. However, a parent or legal guardian has the right to examine his/her child's file and may arrange to do so by contacting the Principal.

The release of student information or transfer of records will take place only with the written consent of the parent or legal guardian. This is handled through the school office. St. Bridget School complies with all federal, state and diocesan policies with regard to student records. All records are kept in a secure location and are safe from vandalism and other damage.

LIBRARY

All students in Grades Pre-K 3 through 5 visit the library with their class once each week. Sixth through eighth grade students will have the opportunity to use the library facilities on an as-needed-basis. A quiet, courteous atmosphere

must be maintained. Kindergarten students may not check books out of the library. Library contracts for the privilege of bringing books home are available to students in first grade and higher.

Books are loaned for one week and may be renewed once. A student whose book is late or missing may borrow no other books. If a book is not returned after one month, it will be considered lost and the student and his/her parents will be charged \$15.00, or the cost of the book, whichever is greater. The same fine applies to books that are damaged beyond repair.

HEALTH POLICIES

NURSE

The school nurse's office is located next to the school office. The nurse is responsible for the maintenance of health records, routine health screenings and parental contact concerning health problems, care of minor illness and injuries, and assistance in health education. All students must have a State Health Form in their medical school record. This form is mandated by the state for students in Pre-K 3, Pre-K 4, Kindergarten, and 7th grade. **Every student must have a current Emergency Form on file before the first day of school.** Please be sure to contact the nurse if your child has any unusual health problems. The nurse is available Monday through Friday during school hours.

IMMUNIZATIONS AND HEALTH SCREENINGS

St. Bridget School follows the Connecticut State Law mandates for immunizations, physical examinations and school screenings for vision, hearing, and scoliosis. Physical examinations by the child's physician are required for entry into the Pre-K program, Kindergarten, and 7th grade.

Out-of-state transfer students are required to show evidence of a physical completed within twelve months prior to registration. These students are required to obtain a State of Connecticut physical exam within one year of enrollment.

Vision screening is conducted by the School Nurse for all students in Grades K, 1, 3, 4 and 5. Hearing screening is conducted by the speech pathologist in Grades K-3, 5, and 8. Scoliosis screening is conducted by the School Nurse for grades 5, 6, 8. A referral letter is sent home if further evaluation by the student's physician is necessary.

MEDICATIONS

Connecticut State Law requires that **all medications**, including Tylenol, Ibuprofen, and any other over-the-counter cold medicines, may be administered by the nurse only after the parent or guardian has presented a physician's written order for the medication and the authorization of the parent has been signed. The medication must be in its original pharmacy labeled container. A parent must bring the medication into school. **PLEASE DO NOT SEND ANY MEDS IN TO SCHOOL VIA A CHILD!**

The school nurse will not administer Tylenol or Advil unless the child has their own supply brought to school.

If your child has been placed on a prescription drug for long-term, please notify the nurse. Confidentiality will be maintained.

HEALTH OFFICE PROTOCOLS

Notify the school by telephone if your child will be absent. This will save a call by the School Nurse. Please leave your name, the child's name, your child's teacher's name and the reason for absence. Notify the school if your child will be home for a prolonged period of time.

Children need to stay home for 24 hours after:

1. **The start of an antibiotic medication (except in the case of an ear infection; when how the child is feeling determines time home).**

2. Diarrhea and vomiting (24 hours after last occurrence).

3. Fever free (24 hours after fever was last registered) without medication.

If your child has a temperature of 100.5 degrees or above, has diarrhea, head lice (initial diagnosis) or any other contagious ailment, the child will be sent home. If a child vomits, accompanied with nausea and /or stomach pain the child will be sent home. Any prolonged illness such as pneumonia or surgery should be reported to the nurse for follow-up.

Notify the school nurse if your child has: **Scarlet Fever, Strep Throat, Chicken Pox, "Fifth's Disease", Head Lice, Ringworm, Scabies, Pinworm, Lyme disease, Conjunctivitis and Mononucleosis.**

Any prolonged illness such as pneumonia or surgery should be reported to the nurse for follow- up.

Please keep your child home if they have:

Chicken Pox: 7 days from the first lesion or longer until all pox are scabbed over;

"Pink eye" or Conjunctivitis: A full 24 hours of antibiotic treatment must be done before child returns to school;

Head Lice: If you discover head lice or eggs (nits), notify your school nurse and contact your physician. There are several over-the-counter products available for treatment. Some are more effective than others. Your school nurse will be able to give you guidance about child and home treatment. The nurse will only check siblings and students who are complaining of an itchy scalp. Upon returning to school, the child must be examined by the school nurse before re-entry to class

Strep Throat: A full 24 hours of antibiotic treatment must be done before child returns to school;

General Illnesses and Flu: Please be considerate, as a coughing, hacking child with a constantly running nose is a health risk to others and miserable in school. Allow the child to convalesce at home and return to school only when his/her symptoms have diminished.

Please advise the nurse of all **allergies**, especially food and bee-sting allergies. Advise the nurse of any conditions that mandate the use of **Inhalers** or **Epi-pens**.

Have your child report directly to the nurse upon entry to school following: **fractures, casts, splints, crutches, sutures** or any incapacitating injury. Students must have a note from a parent for a short-term excuse not to participate in gym or recess. Unless the student is physically unable to observe gym and/or recess, he/she will be expected to go with his/her class to sit on the sidelines. Long-term excuse from gym/recess requires a doctor's note. Re-entry to gym and recess requires a doctor's note.

For your convenience, the School Nurse and administration have herein addressed the major health concerns parents face when sending their children to school.

If a child is sent home sick or is absent all day the student may not participate in any after-school activity.

INSURANCE

As stipulated in the Diocesan General Liability Policy, students are **NOT** covered for medical expenses resulting from any injury received at school or in their participating in school sponsored events away from the school premises. Any medical bills or injury claim should be referred to the major medical coverage in place for your child.

ILLNESS OR INJURY

In case of illness or injury, a child will be cared for temporarily by the school nurse or a member of the staff. An adult must be available to take a child home in the event of illness or accident. School personnel will render first aid treatment only. If emergency medical treatment is necessary the parents will be contacted. If parents are not available, the child will be taken to the emergency room at the hospital. An emergency form telling where parents can be reached and the name and phone number of the student's family doctor must be on file at the school. If an emergency number should change, be sure to contact the school office with the new information.

CHILD ABUSE AND NEGLECT

The identification and prevention of child abuse and neglect is of the utmost priority at St. Bridget School. All school personnel must abide by state law and Archdiocesan policy in regard to this subject. All school personnel and especially the Principal/Chief Administrators shall keep informed of their legal obligations under the law. Whenever there is a concern over legal requirements and obligations, the Superintendent must be contacted.

APPENDIX 6 –Kindergarten Requirements for Enrolling into Kindergarten

Saint Thomas Seminary

Center for Catholic Education and Formation

New England Catholic Biblical School

Diaconate Candidacy

2024-2025 Requirements for Enrolling in a Kindergarten Program

The Connecticut General Assembly has raised the minimum age for automatic entry into public school in Connecticut. Specifically, Section 1 of Public Act 23-208, states that children will need to turn five on or before September 1 of the school year in order to be automatically eligible to enroll in a school kindergarten program.

As a nonpublic school, this is a law with which we must comply. However, there are caveats that we can put in place that do not require approval from the CSDE or Department of Early Childhood.

The AOH Catholic early childhood programs will comply with the following state mandates:

- All remains as is for the duration of this upcoming school year: 2023-2024.
- Enrolling students for the 2024-2025 school year:
 - Students must be five years of age by September 1 to enter kindergarten.
 - Students must be four years of age by September 1 to enter PK4.
 - Students must be three years of age by September 1 to enter PK3.

Implications for 2024-2025 Early Childhood Enrollment in our Catholic Schools:

- Students enrolled in the 2023-2024 PK4 program **and** whose birthdays fall between September 1 and December 31, will have to repeat PK 4 for the 2024-2025 school year.
- Schools must make every effort to ensure those PK4 students who must hold before being advanced to kindergarten do not repeat the exact same experiences and activities during this one transition year.
- If in the assessment of a school, a PK4 student whose birthday falls between September 1 and December 31 **and** the student demonstrated high aptitude in PK4 **and** the school administers a formal assessment demonstrating evidence that the student can meet with success in kindergarten, **a waiver can be requested to advance that student into the school kindergarten program.**
- Families who wish to enroll a child in a school's PK3 program **and** whose birthday falls between September 1 and December 31, **and** the student meets the criteria for entry into a school's PK3

program, may enroll in PK3 with the understanding that the child will repeat the PK 3 program before advancing to the PK 4 program to ensure criteria is met for the state's and AOH kindergarten age.

- Early entry for PK 3 for children who meet entry criteria and whose birthdays are between September 1 and December 31 will continue for all consecutive school years.
